### **NAECI 2012 REVIEW**

On Monday, 30<sup>th</sup> January 2012, the Parties to the NAECI met at the offices of the NJC to have further discussions on a Review of NAECI, effective from 2012.

The NECC reiterated their outstanding claim, reinforcing the various elements with supporting arguments.

In the discussions that followed it became apparent that some progress might be made if any proposed settlement was based on a longer term than just for 2012.

Consequently, it was jointly decided to meet again for further discussions on both 14<sup>th</sup> and 29<sup>th</sup> February.
